

Safe System of Work
OPERATING AND SAFETY INSTRUCTIONS FOR LINERS WITH
8 OR MORE FLOOR SHEETS

Name: Training Date:.....

	Instruction	Understood ✓ or X
1	Cutting As lengths of material may be longer than usual, clear enough space at the end of the Plotter/Cutter to pull the cut lengths. Lay and secure liner material on the floor to ensure sheets remain clean and don't encounter the floor.	
2	Track Welder No extra consideration needed. When complete, the floor will be dragged to the Wall to Floor by two people.	
3	Welding Wall to Floor Wall to be collected using the table with wheels When welding, use an extra person to turn liner if needed.	
4	Packing Use an extra person to pack if needed.	
5	Storage Liner to be taken to the collecting area on a sack barrow Warehouse to be advised of heavy item.	

I have received the above training and fully understand every point that was explained to me. I confirm that I will wear the required PPE equipment when using the above machinery and take all steps to ensure my own safety. I will ask for further training if I need to and will immediately inform the Supervisor or Manager if there are any issues with the machinery.
