

Authorising reportable and regulated chemicals

Security & Compliance	
Authorised to buy Regulated Chemicals: ☐	Authorised Date: 

↓

Attach the email from the customer containing the from to AX all customers

↓

Email the customer back to confirm received and updated, make you CC in Customer Service as someone may have something pending. For example;

"Thank you for the completed form, this has now been updated on your account and the persons listed are now authorised to purchase reportable and regulated chemicals as and when. Orders can only be done through our Customer Service Team and not on our online shop.

I'll be in touch in 18 months to check the details are still correct, but in the meantime if you would like any additions or amendments please just resubmit the form and this can be done.

(I can't see that an order or quote is pending for you, please contact Customer Service on orders@plasticapools.net should you require anything)

If I can help any further, please do not hesitate in contacting me. "

↓

AX will set up an auto task 18 months from when person was authorised to check information is still correct

Point to note : the legislation states we have to have taken reasonable steps.
