Commercial Water Treatment

This commercial weight range is being launched at SPATEX this year! Throughout the previous year we have been working hard to ensure that our product is fully compliant with UK BPR legislation and we are listed on the UK HSE website under GB Article 95.

Our range includes everything you need for a healthy water balance in 25kg or litre bulk. It will be available to order in full or half pallet bulk. If you want any information about this or any other products feel free to contact us.

- Anti-scale additive
- Stabiliser free
- 70% available chlorine
- Less pH correction required
- excellent water clarity
- suitable for hard or soft water
