EXTREME CERAMIC LOOK LINER

The Ceramic range of reinforced pool linings has the look and appearance of traditional Ceramic tiles. In order to achieve the stunning effect the material is thicker than the traditional range of Extreme® materials. The Ceramic range patterns have been created to give a 3D effect to look like tiles but with all the advantages of a traditional reinforced liner.

- Guaranteed watertight
- Quick and easy installation compared to glass mosaic tiling
- No fallen tiles or crumbling grout
- Minimum maintenance
- 2mm thick
- Ideal for new pools and for renovations!
- Looks like traditional tiles
- Guaranteed for 10 years
- Slip Resistance Class C

3D EXTREME® POOL LINING SYSTEM

Reinforced & textured for a unique swimming experience.

An addition to the Extreme® range of lining is the 3D range of patterns. Manufactured in 2mm thick reinforced material incorporating a natural looking textured surface that makes it feel totally unique.

The 3D patterns are designed to give you a completely different swimming experience and give the effect of swimming in a natural environment. As you would expect from an Extreme lining the material has multiple layers of protective lacquer to keep the liner looking as good as new from day one, whilst resisting the ageing and challenging conditions of a swimming pool.

The Extreme 3D range is available in five distinctive patterns, 3D White Marble, 3D Slate, 3D Sandstone, 3D Rustic and 3D Granite are all manufactured and designed to make swimming in your pool a pleasure for years to come.

- Guaranteed watertight
- Quick and easy installation compared to glass mosaic tiling
- No fallen tiles or crumbling grout
- Minimum maintenance
- 2mm thick with reinforcing mesh
- Ideal for new pools and renovations
- 3D giving the feel of swimming in a natural environment
- Guaranteed for 10 years
- Slip Resistance Class C resistance
