

MOVA DIVER A10 WIRELESS ROBOTIC POOL CLEANER

Suitable for heavy use larger pools
who need powerful, efficient and
automated cleaning

MOVA Diver A10

The MOVA A10 wireless robotic pool cleaner (Diver A10) is a powerful, AI-driven cordless pool cleaner known for its strong suction (22,700 LPH), extended 210-minute runtime, and advanced navigation for thorough floor, wall, and waterline cleaning, featuring a large 3.5L debris basket, dual-track drive, and front scrubbing brush for comprehensive, automated pool maintenance.

MOVA DIVER A10 - SUITABLE FOR POOLS UP TO 150M²

Features

- Offers 25% stronger suction than typical models, reaching 6,000 GPH flow rate
- A 169Wh (7800mAh) battery provides up to 210 minutes of continuous cleaning
- Uses side wall-sensors and AI algorithms for precise edge cleaning, reaching 5cm above the waterline
- Comes with a 3.5L debris basket and ultra-fine filter for capturing fine and coarse debris
- Features a dual-track drive and front scrubbing brush for full coverage
- Truly wireless design for hassle-free operation.
- For owners of large or heavily used pools who need powerful, efficient, and automated cleaning
- Top of the range 3 micron precision filter
- Suitable for pools up to 150m²
- Cleans walls and floors

Technical Information

Model	Diver A10	Diver R10
Primary Use	High-performance for large/heavily used pools	Entry-level for above-ground/smaller in-ground pools
Cleaning Area	Floor, edges, up to 5cm above waterline	Floor only
Run Time	Up to 210 minutes (3.5 hours)	Up to 120 minutes (2 hours)
Suction Power	22,700 LPH	5,600 LPH
Jet Motor	1	1
Battery Capacity	7,800 mAh	Not specified, designed for 120 min runtime
Navigation	AI algorithms, side hall-sensors for edge detection	Random cleaning mode
Filtration	3.5L basket, ultra-fine filter screen	Dual suction inlets, dual brushes

Compare the A10 and R10

- True Wireless Operation: No tangled cables or trip hazards, allowing the cleaner complete freedom of movement and enabling you to safely swim while it operates.
- Ease of Use: Both models feature simple, one-touch operation.
- Advanced AI: **The DIVER A10** model uses advanced algorithms and sensors for precise edge cleaning and efficient pool coverage.
- Enhanced Filtration: **The DIVER A10**, in particular, offers a large-capacity basket and fine filtration for capturing everything from coarse debris to fine particles.
