

# PRESSURE TESTING KIT

**NEW FOR  
2024**

## Designed with simplicity and reliability in mind

- High-quality components for testing 1.5" to 2" domestic swimming pool plumbing
- Connects to a standard garden hose
- Provided with an inline 20psi pressure regulator
- Developed to test with water only
- Hollow bungs are designed to be hooked directly to the testing manifold for simplicity, and should prevent the need to cut into pipework.
- Selection of solid bungs and threaded bungs included for testing

The UK's Leading Independent Swimming Pool Manufacturer and Distributor

# PRESSURE TESTING KIT

NEW FOR  
**2024**
