

# Resilience E Natural Salt Chlorinator

The Resilience E features advanced digital electronics and simple installation in an “all-in-one” compact unit. It was designed to ease and optimize the pool owner and operators job. From the simple and quick installation (averages 15 minutes without wiring requirements) and easy maintenance.

- **Simplest installation in the market**
- **Ideal for private pools**
- **Available in three sizes to fit pools up to 150m<sup>3</sup>.**
- **Designed to work with variable speed pumps**
- **Bi-directional flow sensor**
- **Double “low flow” protection**

- **Full range input voltage 110-220 Vac**
- **Built in salinity and water temperature sensors**
- **Replaceable electrolysis cartridge**

#### **Control Panel Display**

- 24 hours super chlorination mode
- Service and maintenance built in alerts
- 4 button operation
- Cell life low LED indicator
- Clean cell identification and alert

# Resilience E - Natural Salt Chlorinator

## Unique Features:

- Simplest installation in the market
- Designed to work with variable speed pumps
- Bi-directional flow sensor
- Double "low flow" protection
- Full range input voltage 110-220 Vac
- Built in salinity and water temperature sensors
- Replaceable electrolysis cartridge

## Control Panel Display:

- 24 hours super chlorination mode
- Service and maintenance built in alerts
- 4 button operation
- Cell life low LED indicator
- Clean cell identification and alert

## Choosing the Correct Cell Model for Pool Size

Cell Model	E18		E40		E60	
	Ambient Temperature		Ambient Temperature		Ambient Temperature	
Maximum pool size in cubic meters	Above 26°C	Less than 26°C	Above 26°C	Less than 26°C	Above 26°C	Less than 26°C
		50	60	80	120	120
Chlorine Output g/h	14		26		36	

\* Maximum pool size is subjected to using Cyanuric acid to balance water.

\* Suitable for private pools!

\* In special pools (overflow pools, hydrotherapy pools, public/Commercial pools) or in case of heightened chlorine demands (such as warmer climates, high bathers load, etc.), it is recommended to choose a larger model.
